

## OVA

- Non see-through
- Installation friendly

OVA is designed for use as a transfer and extract air unit. The grille is non see-through, and does not require an accurately dimensioned groove.

### Design

OVA consist of a frame and fixed blades. Pre-drilled mounting holes are provided in the frame.

### Materials and surface Coating

The grille is made in extruded aluminium, and comes in a RAL 9003 - gloss 30 finish. Alternative colours are available on request.

OVA is mounted by means of countersunk plate screws in the grille frame. Number of screws required is included. 2 for widths up to and incl. 400, and 4 for widths of 500 and 600.
